

# FOUNDATION FOR EXCELLENCE

Nurturing Brilliance ★ Transforming Generations

The topic for this month is “Skill Development”

Skill Development means developing yourself and your skill sets to add value for an organization and for your own career development. By continuously learning and developing with the required training can help in building an individual skill.

The aim of practical training is to help students develop skills and abilities that support them in studies and prepare them for professional work later.

**FFE provides multiple such opportunities for training for its Scholars to help them improve their English communication skills, aptitude as well as interview skills via various online application-based courses.**

Some of the key features in these programs:

- ★ 100% free interactive lessons with conversational English, grammar topics, vocabulary and more over a period of 5+ months. All lessons work offline as well.
- ★ Interactive Games: On reading, translation, spellings, grammar, vocabulary, with immediate results and grammar tips.
- ★ Direct access to teachers. Interact and get doubts clarified immediately.

- ★ Practice using daily news: Learn with latest news, articles, audio-video clips, and e-books.
- ★ Conversation practice game: Hold daily-use conversations by speaking into the App - improve your spoken English skills.
- ★ 10,000 words Dictionary: Learn new words, and hear their pronunciation.
- ★ Know Your Rank: Know your global and city rank and where you stand within your peers.

**English** - Training to acquire proficiency in English - spoken & written. They are trained for improving vocabulary, grammar, and Comprehension skills.

**Aptitude** - Training to improve problem-solving skills. Focuses on skills like Analytical, Quantitative and Logical Reasoning.

**Hi-Touch** - Phone based training for those who did not show improvement in English training in the 2nd year. It has both Faculty-led and self-led sessions which focus on spoken English, Corporate Readiness and Interview Handling.

**Aspirational Course** - IT Reskilling program for students who performed well in English and Aptitude. Students will undergo a certified course in one of the popular and in-demand IT courses which will be an add-on for their placement.

**Mock Interview** - Is an emulation of a job interview used for training purposes. The conversational exercise usually resembles a real interview as closely as possible, for the purpose of providing experience for a candidate.

**Reskilling is a process that involves learning new technology or upgrading existing skills. It not only helps in increasing one's efficiency within an organization, but also makes it possible to explore better opportunities outside.**

**The training programs at FFE, give scholars the desired edge to aim higher and compete with your peers not only during placement but also beyond that.**

Feedback from the FFE Toppers who have used the programs and benefited with the learning experience which has helped them both on personal and professional front.

#### WHEN DO I USE IT?

I use Hello English while traveling to college and whenever I get free time between my classes. I make sure I use the App for at least an hour every day.

#### WHAT DO I LIKE?

The Spelling bee and Cutting chai game in the App are my favourites. Hello English has helped me improve my vocabulary and English grammar.

#### WHY DO I USE IT?

I use Hello English to learn new words every day and feel more confident while speaking English. I think the App is helping all the students and I am very happy that Hello English has been introduced for all of us.

#### WHEN DO I USE IT?

I usually use the App in the evenings when I am free after my college. I utilize my time to learn on Hello English instead of using social media."

#### WHAT DO I LIKE?

The app has helped me improve my vocabulary. I am better at spellings now and more confident while speaking English. I like the games in this App a lot.

#### WHY DO I USE IT?

Learning English has always been very important to me with respect to my career. I think this training will help me become fluent while speaking English,

*"Learning how to Learn is one of the most important skills in Life." – Nourma F Fauziyah*
